SAN GABRIEL HIGH SCHOOL
SAN GABRIEL, CALIFONIA

Then in the center of the ring, alone in the center of the universe, Manolete caught . . . a bit of cloth behind his back with his left hand, and spread the muleta with the sword like a mainsail.

"Toro!" he called in his deep voice. "Toma, toro!"

And the bull charged . . . Then he did one of his rare molinetes, spinning in against the bull's neck as the horns skimmed by his waist . . .

The applause was continuous, spontaneous, sincere, stripped of all prejudice and petty rivalries.

from

The Death of Manolete
by
Barnaby Conrad

I'll give you an "A" for oral participation. Let's get to work on the "Log"
Gil

Each individual exists in the center of his own universe, created by his own knowledge and experience. Within the confines of San Gabriel High School, these separate spheres are merged into one effort to achieve. As does the lone matador, we unite to seek, to find and to conquer. And so we have compiled a book in which the struggles of a single year have been recorded. The events here pictured are only incomplete segments of the total experience. Nineteen sixty-six is now history; may the applause be sincere.

DEDICATION

Rarely does a school experience the privilege of having a more sincere and dedicated teacher than COACH JOHN SEXIAS. He is concerned not only with realizing the athletic potential but also with developing the character of each student. It is not uncommon to find COACH SEXIAS campaigning for Blue Chip stamp books for the jeep or making last minute arrangements for the Lettermen's Club. The quality of his dedication is appreciated by his fellow educators as well as by his students. Last year our Boy's Physical Education Department, under the direction of MR. SEXIAS, was named one of the top twenty athletic departments in the state.

However, we admire COACH SEXIAS above all for his constant concern for the good of each student. His humble and selfless example has inspired the many who have known and worked with him.

With sincere gratitude, we dedicate the 1966 **El Camino Real** to our beloved coach and friend, MR. JOHN SEXIAS.

Bruce
To a real nice guy. You sure helped me in some English tests. I'll never forget you. Have a great summer, and don't get into any trouble.
Love ya'

In 1771 the Spaniards founded San Gabriel Mission in a fertile, well-wooded spot in the midst of a large Indian population. Under the instructions of the Spanish Padres the natives became experts in many arts such as sewing, weaving, soap making, and cobbling. Their flocks and herds increased to such an extent that they covered the country for miles.

Today San Gabriel High School lies in the shadow of this Mission. Her students, under the expert guidance of qualified teachers, are learning modern skills that are needed to compete in today's complex and rapidly changing society. Her graduates are increasing to such an extent that they also cover the country for many miles around. As the old Mission was the best known and the most famed of all the Missions along the King's Highway, so today San Gabriel High School is well-known, and through her graduates is achieving fame.

May the Graduates of 1966 continue the fine tradition established by the Spaniards nearly two hundred years ago.

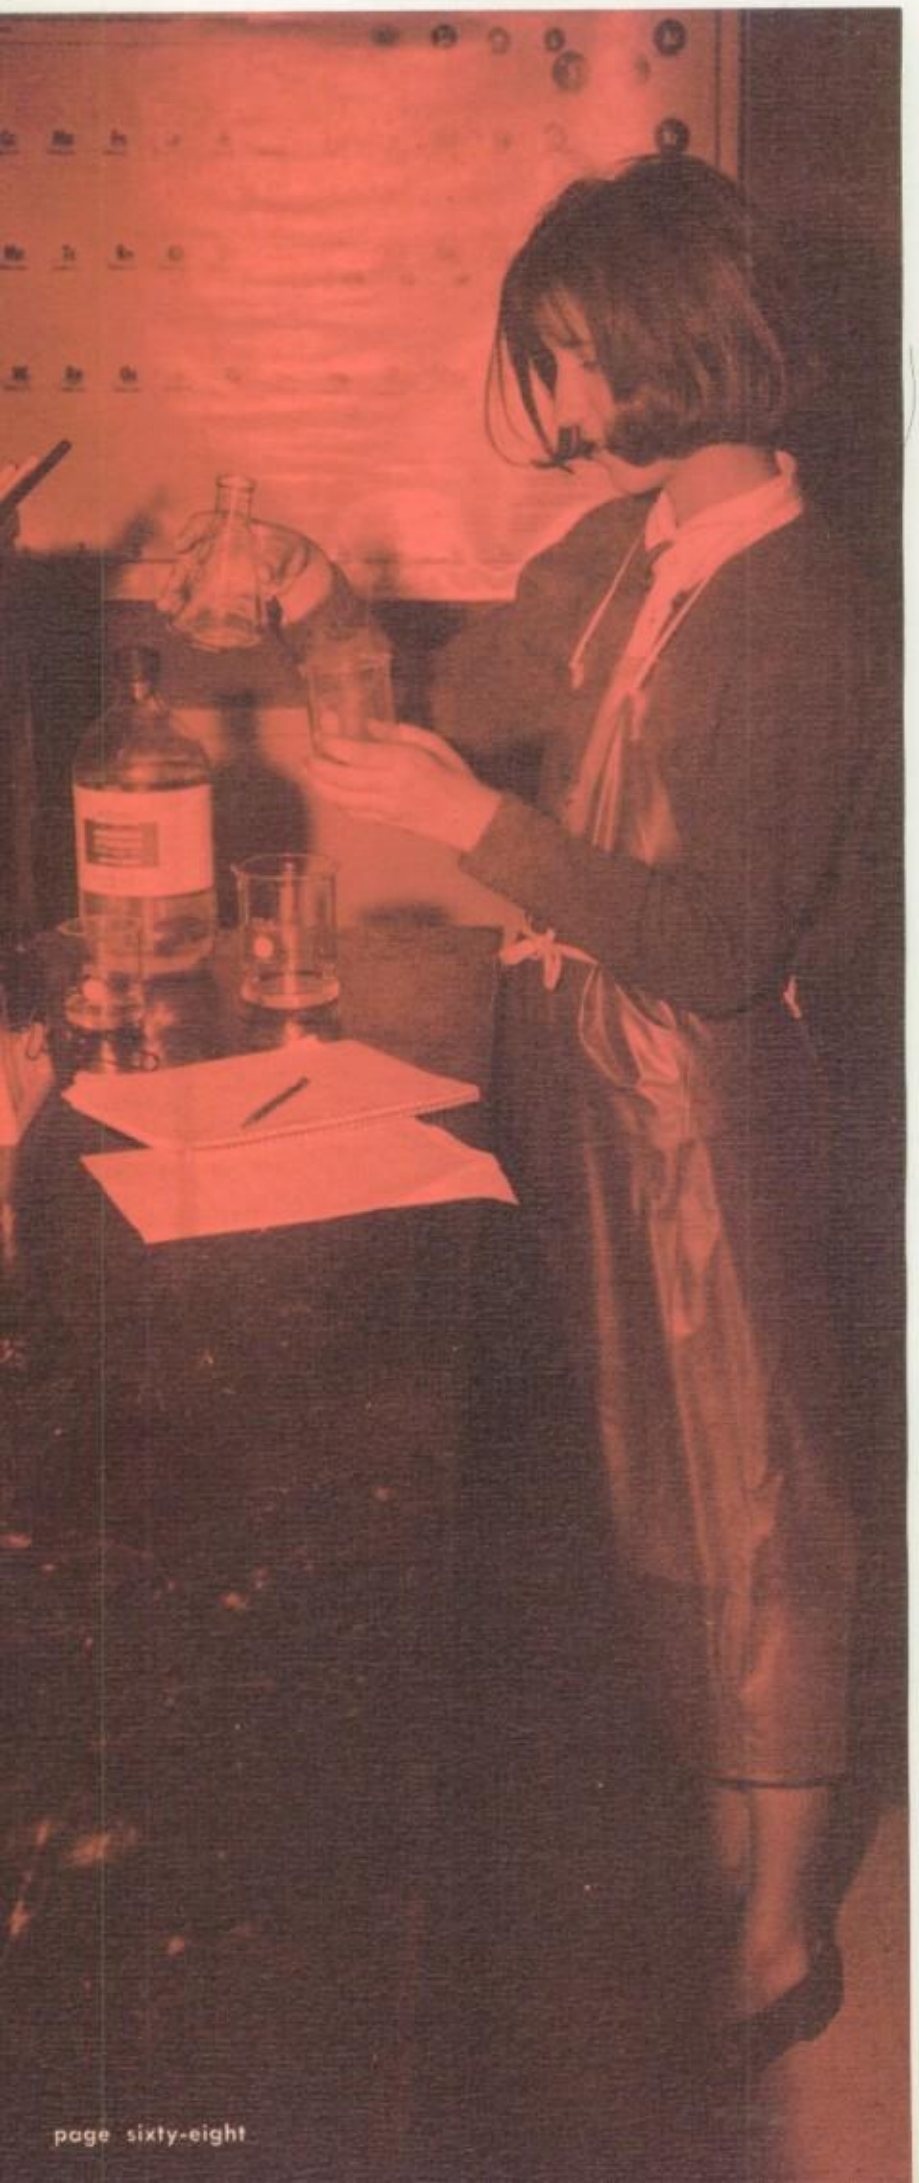
CLASSES



Bruce,
It's really a shame that we didn't get together this year - but after all you're a junior & I'm a sophomore & maybe next year we'll be more of each other. But I'll bet you'll do great in typing. Last year was interesting looking to do it again.
Love ya
Nancy
Bruce, If you ever want something or just want to make-it nice! OK?
I hope you have fun - you can't call it a complete success
Together at last
Nancy Clapman

"Were it left to me to decide whether we should have a government without newspapers or newspapers without government, I should not hesitate a moment to prefer the latter."

Thomas Jefferson expressed the above sentiment in 1787, stressing the vitalness of the newspaper in society.

To inform, to entertain, to enlighten—as the daily metropolitan publications of both Jefferson's generation and our own bring news stories, features, sports coverage, editorial comments, and columns to their extensive reading public, so does **The Matador** function in these capactites here at San Gabriel High School.

Yes, Thomas Jefferson stated that he would rather have newspapers without government than government without newspapers. At SGHS, we have both bodies working harmoniously together to maintain the kind of image of which our community may be proud.

CLUBS

Brucie—
Even though you fluck geometry (oh well) you had fun because I did too! You were a lot of fun.
Since you are a junio we probably won't see each other again.
Good luck in the future and have fun this summer.

- Bruce -

Well Bruce here we are seniors... Fun & really been fun this year in English probably the best year yet. Should have been a junior but I flunked. Have been at work all summer & wouldn't have it any other way. Summer's a dandy drag. This summer I wouldn't do anything but work. In the next year I may do anything. Anyway Darwin

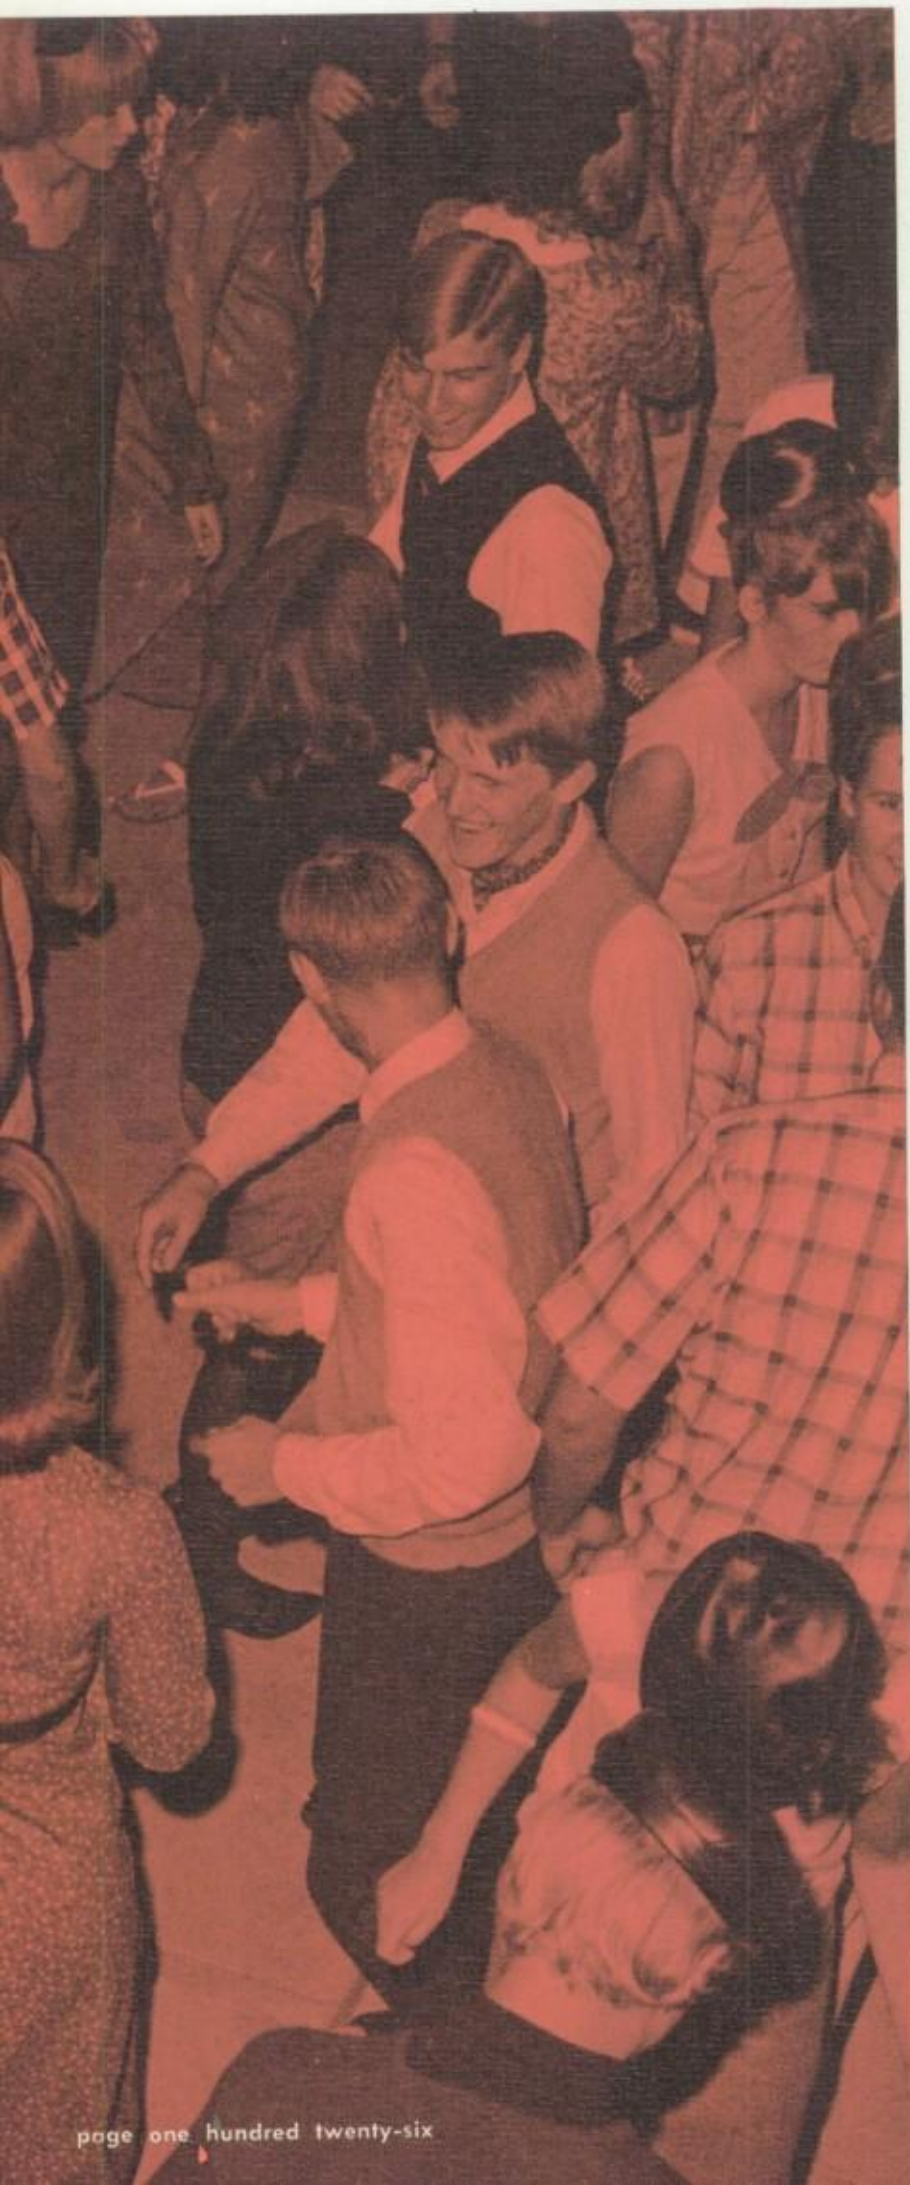
ACTIVITIES



Bruce -
Good luck this
summer with Nancy.
Have fun - but... Use a
little discretion
Remember to see a
doctor about that cough
You look rather run
down. See ya on Dave for me
all the time - good luck in
the years to come.

Bruce,
To a swell guy who
once told Dave "Lee sleeps
clean". Thanks for telling him
that. Have fun this summer (ah! ah!)
and be careful of those girls
You keep an eye on Dave for me
when I'm gone. Good luck in
the years to come.

American Field Service

Yawalak "Jinney" Na Chiengmai, Dick Fenske, Rosamund "Ros" Robb.

In this ninth year that S.G.H.S. has participated in the American Field Service program, we are very fortunate to have Yawalak "Jinney" Na Chiengmai from Thailand and Rosamund "Ros" Robb from England who helped to promote world-wide peace and understanding. This past summer Dick Fenske visited Switzerland as part of the A.F.S. Americans Abroad program and was able to share experiences with the Swiss and also with the Americans upon his return.

AFS Show December 3 and 4

This year the annual A.F.S. Variety Show was entitled "Here We Come, U.S.A.!" and starred our own two exchange students, Jinney and Ros. With this theme we illustrated to the audience the real significance of the American Field Service. A tremendous thanks to each of you on the production staff as well as to the entire cast for everything that you contributed to making the show a success.

Assemblies

The purpose of the assembly program at S.G.H.S. is to provide each student with the opportunity to experience and to expose himself through sight and sound to the worlds of ideas, music, literature, drama, sports, and other facets of our culture and foreign cultures. To what degree each student profits from an assembly presentation ultimately rests upon the individual.

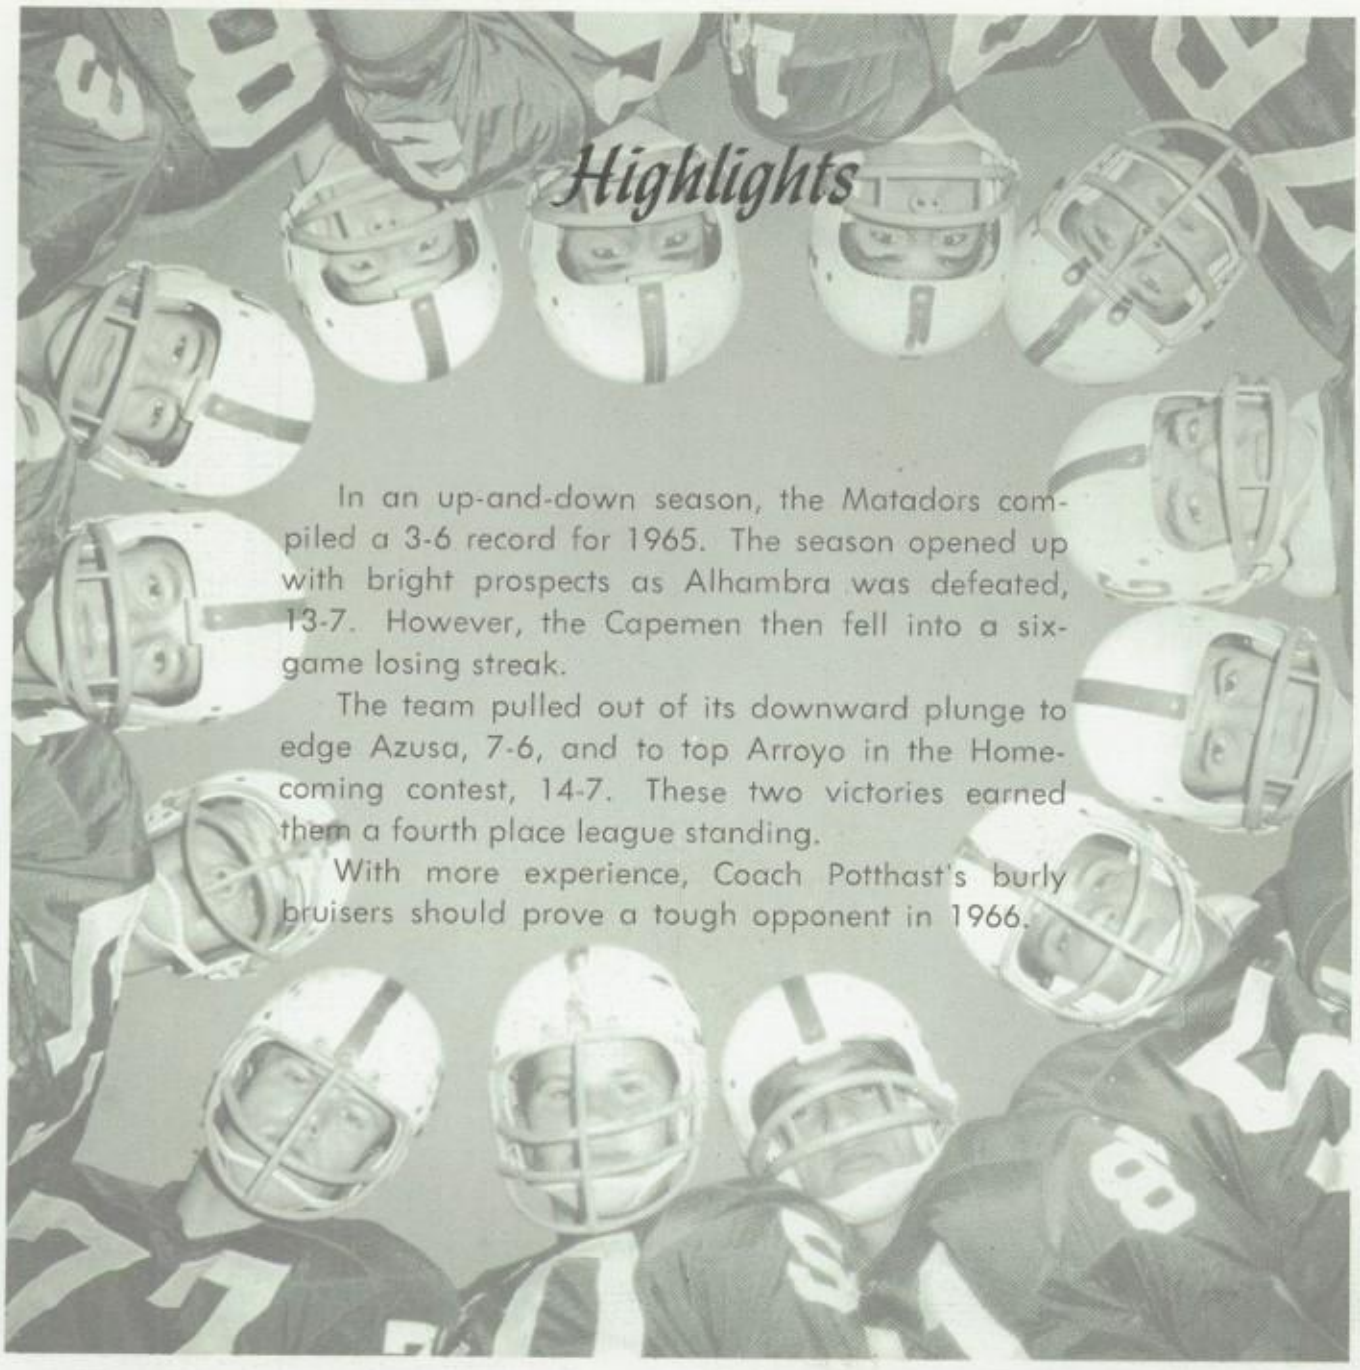
The Twilight Zone



Highlights

In an up-and-down season, the Matadors compiled a 3-6 record for 1965. The season opened up with bright prospects as Alhambra was defeated, 13-7. However, the Capemen then fell into a six-game losing streak.

The team pulled out of its downward plunge to edge Azusa, 7-6, and to top Arroyo in the Homecoming contest, 14-7. These two victories earned them a fourth place league standing.

With more experience, Coach Potthast's burly bruisers should prove a tough opponent in 1966.

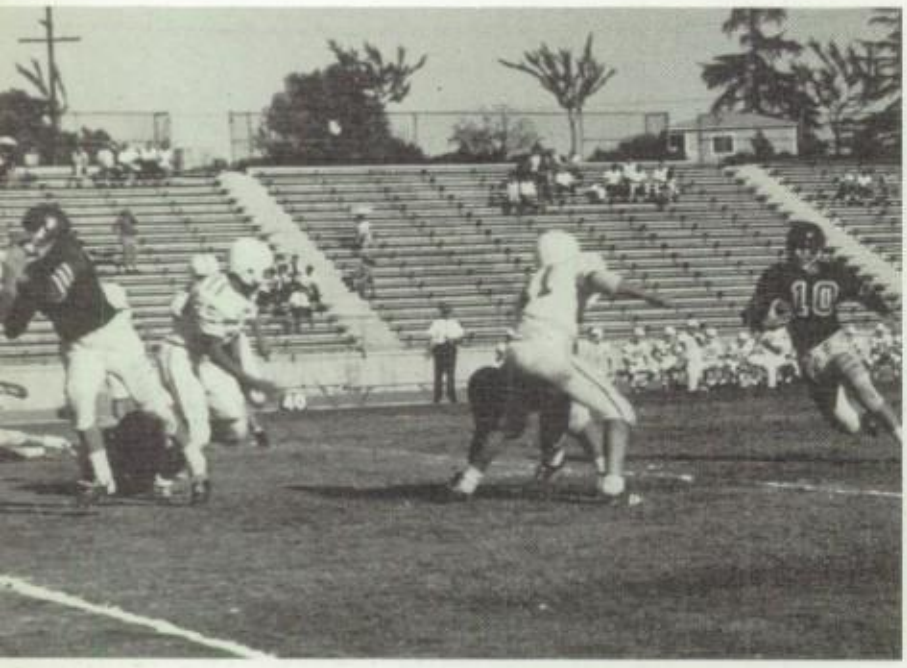
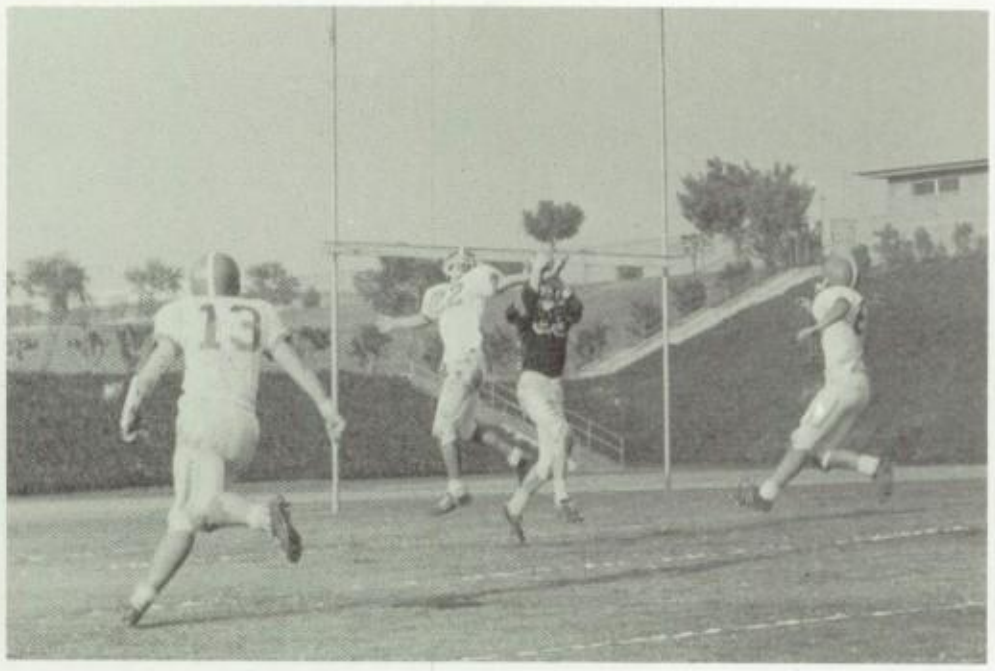
Bee Champions



Lundquist runs around good blocking.



The enemy prevails

Coach Wilson's powerful Bees repeated the same script this year for another league championship, clinching the title with a 25-0 victory over Azusa. The only stains on an 8-1-1 record were a 21-19 heartbreaker to Temple City and a 13-13 tie with Rosemead.

It appears that the Bees are going to enjoy a perpetual championship.

Champion Cees

Tifin Bush grabs a pass.

The minds behind the power—Coaches Fred Tellenbach and Barney Cook.

Rocky Rodriquenz, left, and Tom Staab receive championship trophy from Coach Sexias.

Revenging last year's loss to Arroyo, the Cees handed a 25-0 defeat to the defending champions and gained the title.

Coach Tellenbach's miniature blue machine which rolled over eight opponents, was strongly enforced by the five "animals." Their blocking supported a running and passing attack which scored 54 points against Azusa in one game.

A **C** grade in school is average, but the same is not true of the C football team.

Girls' Athletics

Through spirited participation in volleyball, basketball, tennis, track, and softball, GAA has made several notable accomplishments this year. The Senior Basketball Team finished the season undefeated and the Varsity Track Team tied for second in the league. New activities initiated this year included softball competition, a Spring District Playday, and an awards banquet in May. To further develop GAA's potential, the high schools in this area will be organized into league competition, so the teams should be spirited and the participation even higher next year.

Anna Acosta sprints to the finish!

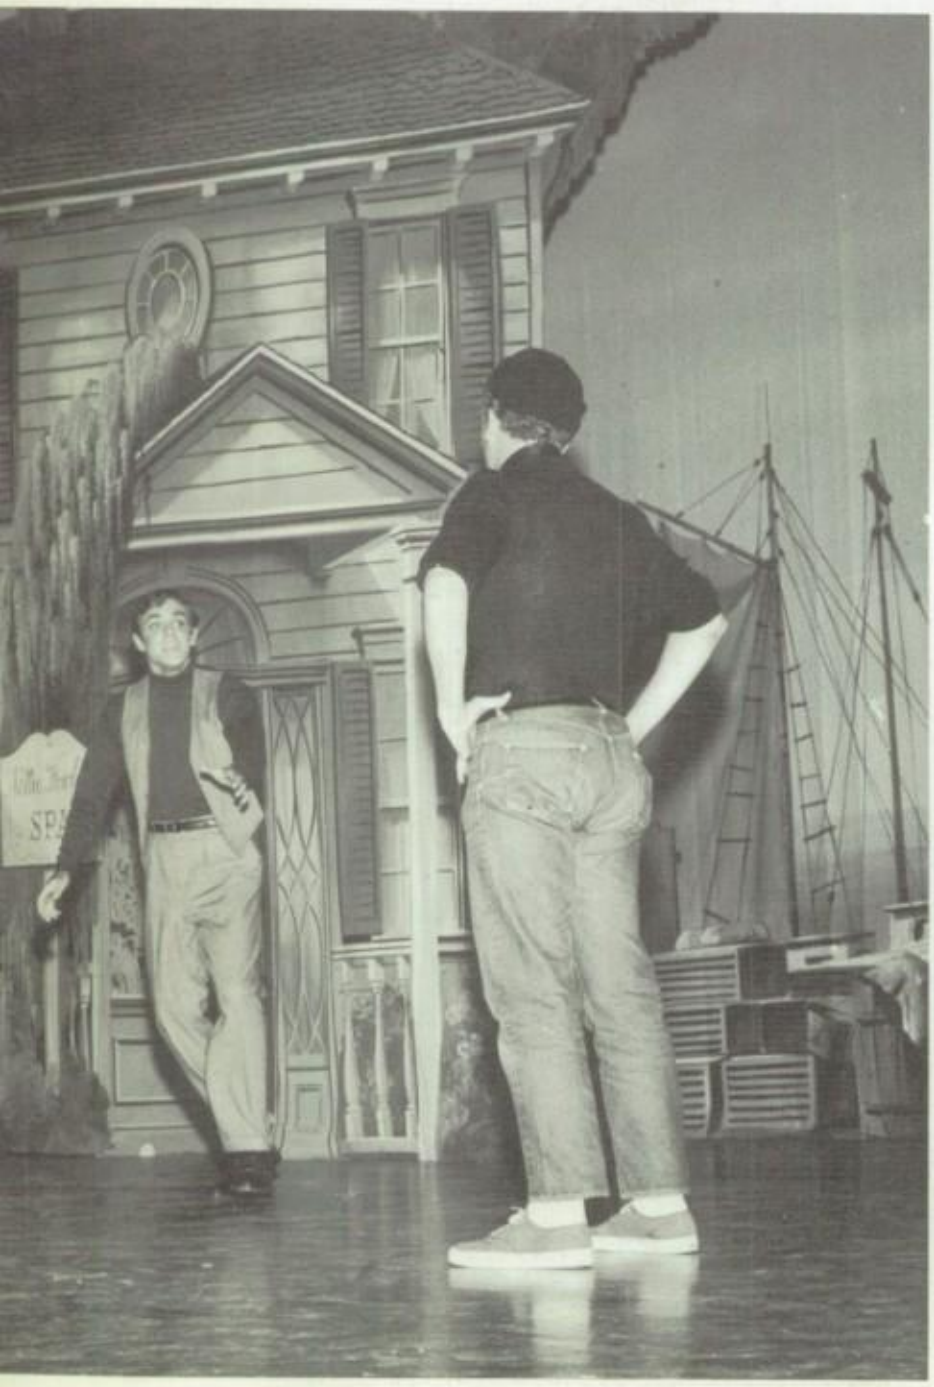
Carousel

"Ain't much wind tonight . . . hardly any."

For the first time the students of SGHS produced an all-school spring spectacular. On May 5, 6 and 7, 1966, Rodgers and Hammerstein's "Carousel," one of the most difficult musicals to perform, was presented. Fine acting and direction made "Carousel" a sparkling success.

"You a father? Hah!"



"Jigger! Julie . . . Julie's goin' to have a baby!"

"When you walk through a storm . . ."

"When the children are asleep we'll sit and dream . . ."

"A-whalin' we will go!"
